Notwithstanding any provisions in this Item 3070, Shipper hereby agrees to indemnify and hold harmless Subscribing Carrier, its officers, agents, and employees from and against any claim for Loss, regardless of cause, resulting from an event that occurs subsequent to delivery to and acceptance of hazardous waste product by Shipper, another rail carrier, or contractor, or other transporter designated by Shipper, or an EPA licensed treatment, storage, or cleanup/disposal site operator designated by Shipper.
6. Except to the extent Loss is within the scope of the indemnity in paragraphs (4), (5), (6) and (7) of this Tariff, in the event a Loss is caused by Shipper's and Subscribing Carrier's joint and concurrent negligence, by a cause unknown, or by a third party not having a contractual relationship with either Shipper or Subscribing Carrier, each party shall bear half of such Loss. ITEM 4100 LOSS AND DAMAGE LIABILITY OF SUBSCRIBING CARRIER

ITEM 4100A EQUIPMENT LIABILITY:

The Subscribing Carrier shall be liable for claims resulting in loss or damage to Shipper's equipment only if the Subscribing Carrier's negligence is shown by the claimant to be the direct cause of the loss or damage.

ITEM 4100B CLAIMS FOR DAMAGE TO, OR DELAY OR LOSS OF, FREIGHT:

ITEM 4100B-1 CARMACK AMENDMENT PROTECTIONS:

The Subscribing Carrier offers Carmack Amendment protection tailored to the commodity and route over which a Shipper is asking Subscribing Carrier to transport its freight. If desired, please contact your Subscribing Carrier sales representative to receive a specific rate quote with Carmack Amendment protection. If Carmack Amendment protection is desired for a shipment that extends beyond the Subscribing Carrier's network, it is the Customer's responsibility to contact and determine the requirements, limitations, and fees of the other carrier(s), and to obtain Carmack Amendment protection from the other carrier(s). Any Shipper that wants Subscribing Carrier to assume liability for damages up to a declared value of the goods being shipped without requesting a tailored rate quote pursuant to the foregoing paragraph must send an email to commercial.support@gwrr.com, before tendering the goods to Subscribing Carrier, that includes: (1) a statement declaring the election of Carmack Amendment protection and the value of the shipment, and (2) acknowledgement that the Carmack Premium, as defined below, will be added to their invoices, or billed to them separately. The Shipper must also provide railcar and waybill numbers for each affected railcar to Subscribing Carrier as soon as reasonably possible at commercial.support@gwrr.com. The "Carmack Premium" portion of the line-haul rate is equal to 10% of the declared value of the goods and added to the common carrier line-haul price.

The Subscribing Carrier's liability for damage to, or delay or loss of, goods in transit under this Item – 4100B-1 shall not exceed, and is limited to, the lesser of value of the goods or the declared value, if applicable. In the absence of an election by Shipper under Item – 4100B-1 above, Carmack Amendment protection is waived, and the provisions of Item - 4100B-2 shall apply.

PORT & SWITCHING TARIFF 1000

ITEM 4100B-2 ALTERNATIVE APPROACH FOR DAMAGE TO, OR DELAY OR LOSS OF FREIGHT:

If the Shipper does not elect Carmack Amendment protections as set forth in Item – 4100B-1 above, the Subscribing Carrier will assume liability for freight claims subject to the following limitations:

1. Subscribing Carrier's minimum claim for loss or damage to freight is \$500.00.
2. Subscribing Carrier's maximum liability for loss of or damage to the freight is the lower of (i) its original cost; (ii) the cost of replacement; or (iii) \$25,000 per rail car; *provided, however*, any liability of Subscribing Carrier for damaged cargo shall be reduced by the amount of any net salvage proceeds received by Shipper for such cargo.
3. Subscribing Carrier's liability for shortage of goods shall be conditioned upon evidence of unauthorized entry into the rail car while the same is in the possession of the Subscribing Carrier.
4. Subscribing Carrier will not be liable for loss, damage, or delay to lading caused by an Act of God, a public enemy, the authority of the law, labor strikes, acts of civil disobedience, the inherent nature or character of the lading, natural shrinkage, an act or default of the shipper/consignor, owner or consignee/receiver, or from any cause whatsoever which occurs while the lading is not in the actual physical custody and control of the Subscribing Carrier.
5. Shipper acknowledges and accepts the inherent tendency of perishable goods to deteriorate or decay. Subscribing Carrier is not liable for the decline of goods as is reasonably expected to occur while enroute. Subscribing Carrier is not liable for the decline of goods attributable to disease or decay within the goods when loaded.
6. Subscribing Carrier shall not be responsible for loss or damage to the freight or shipments originating or terminating outside the United States when the location at which damage occurred is unknown.
7. Shipper must mitigate its loss by acceptance of damaged or remaining cargo and salvage activities thereafter. Shipper may not abandon damaged or remaining goods to the Subscribing Carrier unless the damaged or remaining lading retains no value. Product that is abandoned to the Subscribing Carrier in an undamaged condition will be sold and the salvage proceeds only, less salvage expenses, will be remitted to the owner.
8. Shipper is responsible for proper and lawful packaging, loading, stacking, blocking, bracing and ventilation of the cargo. Shifting of a load enroute is, of itself, not evidence of Subscribing Carrier's mishandling.
9. Shipper is responsible for loading only cars suitable for Shipper's cargo.
10. Individual pricing documents may contain different limits which take precedence over the terms in this Item 4100B-2.

Subject to the limitations in this Item 4100-B-2, and the remaining provisions of this General Tariff 70067, claims for damage to, or delay or loss of, any commodity transported by Subscribing Carrier is governed in all other respects by the provisions of the Carmack Amendment and Title 49 of the Code of Federal Regulations Part 1005.

ITEM 4100C GENERAL LIABILITY PROVISIONS:

1. There shall be no presumption of Subscribing Carrier's fault for the loss, damage or delay of cargo. The burden of proof to establish the culpability of the Subscribing Carrier is upon the claimant. Subscribing Carrier is not liable for any loss, damage, or delay of cargo, except where Subscribing Carrier's intentional act or omission, gross negligence or simple negligence is the direct or proximate cause of the injury. If Subscribing Carrier's act or omission is not the sole cause of the injury but contributes to the loss, damage or delay to the cargo, the Subscribing Carrier will be liable only for that portion of the injury as corresponds to its comparative culpability.
2. Under no circumstances will the Subscribing Carrier be liable for special or consequential damages, including market decline claims, products deterioration, or other such claims based on delay in transportation, nor shall the Subscribing Carrier be liable for punitive damages or attorney fees.
3. Subscribing Carrier agrees to transport shipments with reasonable dispatch. Subscribing Carrier does not guarantee rail service within any particular time frame.

When seals are applied, all doors, hatches, valves and other openings on railcars must be sealed. The Shipper must include each seal number and the name of the employee applying the seal(s) in the Shipping Instructions. Subscribing Carrier will not honor claims for loss, damage or contamination of railcar contents based solely on the absence of one or more seals at the time of delivery at destination. In the event of a shortage claim, verification of quantity shipped and quantity received should be provided as well as the seal record at time of unloading and on receipt from Subscribing Carrier.
5. Subscribing Carrier shall not be liable for damaged product due to overhead stacking compression onto lower layers of cargo.
6. For vehicle shipments, any loose or uninstalled vehicle components in any vehicle transported by Subscribing Carrier are tendered at the sole risk of loss of Shipper. Only one claim may be filed for any individual vehicle.
7. In the absence of an election by Shipper under Item – 4100B-1 above, Subscribing Carrier's maximum liability for cargo is the lower of (i) its original cost, (ii) the cost of replacement, or (iii) \$25,000 per rail car; *provided, however*, any liability of Subscribing Carrier for damaged cargo shall be reduced by the amount of any net salvage proceeds received by Shipper for such cargo.
8. Failure of the Shipper to comply with packaging requirements of the Uniform Freight Classification and AAR loading provisions shall be a defense to any claim for damage.
9. Any claim for loss or damage shall be filed within nine (9) months of the date the shipment was delivered, or in the case of failure to make delivery, then within nine (9) months after a reasonable time for delivery. Any lawsuit or other action for the enforcement or liability for loss of damage shall be instituted within two years after the railroad first declines the claim.
